

HE WOULD RATHER BE SHOT THAN BLACKMAILED.

SHOT MAN IN WOMAN'S PRESENCE.

An Alleged Attempt at Blackmail May Result in a Murder at Point Richmond.

POINT RICHMOND, Cal., May 19.—A sensational shooting affray occurred at the Santa Fe shops at 8 o'clock this morning. J. M. Dunlap, foreman of the car-cleaning force, was shot five times by John Harper of San Francisco. Harper came over from the city this morning accompanied by a woman whom he claimed to be his wife. The two went immediately to the Santa Fe yards and sought out Dunlap. Harper had some words with Dunlap near the door of the shops and in a few minutes he drew his pistol and began firing. When he had fired five times, Samuel Lehman, a Deputy Sheriff, ran to him and knocked him down. He was overpowered and put under arrest. Only three of the shots took effect. One lodged in the left lung, one in the right shoulder and the third cut two fingers of the left hand. Surgeons were called immediately and a hasty examination leaves some hope for the man's recovery.

NO CHANGE IN STRIKE. ACTION OF CZAR.

BOYCOTTED HOUSES IN VARIOUS LINES ARE RESUMING BUSINESS. DENVER, Col., May 19.—No change has taken place in the strike situation here since yesterday. Boycotted houses in various lines are resuming business with non-union forces as rapidly as possible, while labor leaders assert that no fewer than 7000 members of unions are still out. The State Board of Arbitration has been blocked in its efforts to bring about arbitration owing to its failure to secure the consent of the employers, the Citizens' Alliance but committees from the printing trades and business interests have undertaken to mediate between the two factions.

ROOSEVELT TOOK HIS UNCLE'S LIFE.

President is Well Received in Reno and Carson. He Was Glad to See the Man Who Fought With Him.

RENO, May 19.—The Presidential party arrived at Reno at 7:30 o'clock this morning and ten minutes later was on the main line of the Virginia and Truckee road on their way to Carson. While the President's train stopped here he came out on the back platform of his car and pleasantly greeted the immense throng that had assembled to give him a true Nevada welcome.

The crowd cheered and cheered and was kept in good humor by the President talking to them. The President did not attempt to make a speech but talked, first to one and then another. When his train started he kept waving his hand and saying, "Good-bye," which little note won the people to him in one solid mass. His train returned from Carson at 11:10 o'clock. His party were soon seated in carriages and driven to the Court House, where the President spoke.

After his speech at the Court House he was driven about town for ten minutes, spent ten minutes in the Chamber of Commerce, and then was driven to the State University, where he spoke to four hundred students. He was driven to his train and was off for the west again.

Among the pleasant incidents of his visit to Reno was when E. J. Barlo of Battle Mountain, one of the Roosevelt Rough Riders who served with the President in his famous charge up San Juan hill, sent his card to the President.

"Show him in," was the President's command. On Barlo's appearing, the President greeted him cordially, and asked him several questions. The President certainly captured the Western part of Nevada, as well as a very large delegation from the Eastern part of the State who had come in to give him a hearty welcome.

The President was presented with a string of Truckee river trout, fresh from their mountain home, and a case of Nevada honey which the train passed through on its way to Carson.

CARSON, Nev., May 19.—President Roosevelt reached here at nine o'clock this morning. The city was in gala attire and members of the Presidential party stated that the capital of Nevada was the most handsomely decorated city of its size that had been visited. The morning was an ideal one. The weather, which had been threatening for the past few days, had cleared up and the sun was shining and warm enough to be comfortable. Governor John Sparks and Mayor Mackay, the Mayor of Carson City, met the President at the State line and accompanied the party to this city. Carriages were waiting at the train and the entire party was driven to the State Capitol Building, where a platform had been erected. The portion of the capitol was draped with rifles, forming an arch over the desk from which the President spoke. Over this was stretched a banner with the words, "Nevada Honors the Hero of San Juan." Among the decorations were two fine mounted specimens of Buffalo heads raised on the farm of Governor Sparks. The half mile drive from the depot to the capitol was a solid mass of humanity and it is calculated that fully 15,000 people gave the President a welcome as he drove down the street leading to the capitol park. The grounds were crowded to their utmost capacity, but as the police had worked hard, there were no accidents and everybody had a chance to see the President and hear his twenty-minute talk. He dwelt long on the possibilities of irrigation and forestry. This feature of the speech was received with deafening applause as was his plain explanation of the proposed work to be done under the national irrigation law. He also congratulated Nevada on her State law regarding irrigation.

After the speech, the President and party were given a short ride about the city and with a very short wait at the depot, the train consisting of six cars, was pulled by three locomotives over the steep grade leading from this city.

GOVERNOR'S SPEECH. In introducing the President, Governor Sparks said: "Ladies and gentlemen: We have with us today our President, our soldiers. He is not the first President that we have had that was a soldier. General Washington was a soldier. General Grant was a soldier. And America's grand old man was a soldier. Andrew Jackson. 'We have, I think, the second Andrew Jackson with us today.' 'In time of war he is a soldier. In time of peace he is a peacemaker and a hard worker—a leader. There is not money enough in the world to influence or buy one hair in his head. As I say, he is a leader, and he is leading us to prosperity. Under his administration we will continue to enjoy prosperity.' ACID TANK EXPLODES. POINT RICHMOND, May 19.—An acid tank at the refinery of the Pacific Coast Oil Company exploded this morning, causing a loss of a few thousand dollars. No one was injured.

Situation in Some of the Districts Regarded as Serious.

MANILA, May 19.—William Ballon, formerly a private in the Fifteenth Cavalry, is the name of the cavalryman who, alone, checked the second rush of the insurgents at Sucatan, island of Mindanao, May 15th, and defended the American dead and wounded until relieved.

It was at Sucatan that Captain Clough Overton and Private Harry Noyes were killed and Private Harlow was wounded by fifty insurgent prisoners, whom they were guarding. The fourth member of the party was William Ballon, who was not wounded.

The situation in some of the districts of Cebu is regarded as serious. It is reported that the total of the bands of insurgents in the field exceeds 1500. Colonel Taylor of the Constabulary reports that the enemies' forces are dispersing. He says the Constabulary is capable of suppressing the disorders and predicts an improvement in the situation. It is believed here that the adoption of energetic measures will be necessary to suppress the disturbances.

CAUGHT IN A CAVE. HELENA, Mont., May 19.—A courier in from Lincoln Gulch, the scene of the accident at the Engle mill Saturday night, says there is no longer any doubt of the fate of Alexander Murray, Henry Miller and Michael Purcell, miners caught by the cave-in Saturday night. The men were undoubtedly killed. The bodies had not been recovered when the messenger left for this city. A rescuing party sunk a shaft forty-two feet deep in thirty-six hours and found the ground caved to the face of the drift where the men had been working.

TELEPHONE GIRLS WRATHFUL.

BECAUSE THEY MUST NOW WEAR SOBER CLOTHES AND BE CHAPERONED.

SAN FRANCISCO, May 19.—The girls employed by the Pacific States Telephone and Telegraph Company are buzzing with indignation over the new rules instituted by John T. Sabin, who has recently returned from Chicago with a bunch of new wrinkles which he has put into practice to the detriment of the vestals of the switchboard. During the year, President Sabin was in Chicago. Henry Glass was General Manager of the telephone company, and the girls found him a rather good thing for them. He allowed them to have telephones in their houses free of charge, and abolished a number of restrictions which interfered with their relaxation and convenience.

Since his resumption of management, Mr. Sabin has restored the old rules and instituted a lot of new ones that vex the souls of the girls till they are on the verge of declaring a strike and issuing a statement of the grievances to the public. They are now taxed \$2 a month each for their private telephones, and they have been notified by a court circular that they must wear a certain kind of clothes at work and must have chaperones when they go out. Oh, how the girls resent Mr. Sabin's role of censor of manners, dress and morals!

Two hundred male operatives were told to find other employment, the reduction coming chiefly from the line.

GEORGE W. AUSTIN.

A consolidation of the well-known firms of J. S. Myers and George W. Austin has taken place, and after June 1 the firm will do business at 1002 Broadway.

The object of this consolidation is to have a thoroughly equipped real estate office. There will be an insurance, house-renting, repairing and county department and home home-building department, and each department will be placed in charge of a competent manager, and George W. Austin will have supervision as general manager, while J. S. Myers will take charge of the home-building department, in which department he has made a great success, having already built 173 houses.

L. F. Clough, who has been with J. S. Myers for several years, will be made bookkeeper and cashier.

J. S. Myers is almost a pioneer in real estate business, starting in business in 1891 at 1002 Broadway upon a borrowed capital of \$100. His success has been phenomenal. During the oil excitement in Kern City he was fortunate in speculations and is said to have made \$80,000, and is still interested in some fine producing oil wells. This money he has invested in Oakland real estate, which has proved to be profitable investments, and will now devote his time in speculations and the house-building department.

George W. Austin is perhaps one of the most active and best posted real estate men in Alameda County. He has been interested actively in the real estate business for 16 years. For a number of years he was with the firm of Hugh M. Cameron. Starting in business for himself, one of his first enterprises, which shows his foresight and ability was the purchase of the Blake property on Telegraph avenue, running through to Grove street. He opened Merriman street through this property and sub-divided the property into lots, the tract being known as the Austin Park. In less than two years the entire property has been disposed of and there are now thirty homes on the tract as a result of his work. There are many other properties which he has handled successfully, and it can be said of Austin that he is a most thorough and competent man in the real estate business.

PAPA DID NOT PUT UP.

BANK DID HOWEVER AND NOW TRADER IS JAILED ON WAY TO COLORADO.

Papa would not buy him a bow-wow, so he landed in jail instead. A. R. Trader of Warm Springs, Col., was arrested at the home of friends at 2110 Kittredge street, Berkeley, last evening for drawing a check for \$340 against his father at Parkville, Mo., which, however, the latter refused to honor.

The check was drawn at Colorado Springs and, with the money, Trader and his young wife came on to the shores of the Pacific.

On going to the time of the arrest, Trader claims he was unable to make cash bonds, but states that the matter will be straightened out as soon as he can get word back to his home of the money.

YOUR MONEY RETURNED.

If Hyomel Does Not Cure You of Catarrh, Say, Osgood Brothers

In advertising that they will refund the money to any one purchasing a Hyomel outfit who can say that it has done them no good in the treatment of catarrh, Osgood Brothers mean exactly what this guarantee says.

Of course the percentage of cures by Hyomel is nearly one hundred or else they could not afford to make this unusual offer. But if the treatment should not be adapted to your case there will be no questions or quibblings when you go to get your money.

That the beginning of catarrh is due to the presence of germs in the air passages is now admitted by every physician. It stands to reason that catarrh cannot be cured unless those germs are first destroyed. The Hyomel treatment kills the catarrh germs in the minutest air cells, soothes and heals the irritated mucous membrane and makes complete and lasting cures in cases that have resisted the usual methods of treatment.

Catarrh cannot be cured by medicines administered through the stomach. Hyomel is the only natural method and it has made cures that cannot be duplicated. An outfit costs but one dollar and consists of an inhaler which will last a lifetime and sufficient Hyomel for more than a month's treatment. Additional bottles of Hyomel can be procured for 50c.

Osgood Brothers give their personal guarantee with every Hyomel outfit they sell to refund the money if it does not cure. There is no risk whatever to the purchaser of Hyomel.

plight he is in. He states that his father is A. W. Trader, a wealthy railroad contractor, at Parkville, Mo. The check was drawn on the Ketchum National Bank at that place, and it was at the request of the bank that Trader was taken into custody.

The warrant was first sent to Warm Springs and then forwarded to this city. Trader is 27 years of age and has a young wife about to become a mother, who is distracted over his incarceration. Trader states that he was at one time a newspaper man on the staff of the Toledo Evening Blade.

Early this morning, Attorney L. S. Church was engaged by Trader to help him out of his difficulty. He was also visited at the jail by his wife. Trader pretends to make light of the situation, and gives as a reason for the check not being honored that he believes his father is away from home. The instructions to the Sheriff are to hold Trader and an officer with the warrant is now on his way to this city to take him back to the scene of his alleged offense.

HEYWOOD WROTE WILL

LEFT ESTATE TO WIDOW WHO IS TO PROVIDE FOR ALL THE CHILDREN.

In a holographic will, dated February 25, 1898, Samuel Heywood, pioneer lumber merchant of Berkeley, has left an estate valued approximately at \$44,000 to his widow and children. The document was filed with the County Clerk today with a petition for its probating. It was written on a page torn out of a ledger and is as follows:

"Berkeley, February 25, 1898. It is my will that the free use and control without any conditions whatever, of all my property, real, personal and mixed of which I may be possessed, including all my effects of any kind and nature and wherever situated or whether in my name or of any other person or persons whomsoever, shall be given to my beloved wife, Emma Frances Heywood, to be held and used by her for the help and benefit of herself and my children as her judgment may dictate.

"Second—I hereby intentionally omit to make any bequests to any of my children, because I have implicit confidence and trust that my wife will, during her life time, give them each and every one better care and protection and provision than I can otherwise secure for them, and, after her death, it is my will that the remainder of the estate, if there be any, shall be distributed among all my children share and share alike.

"I hereby declare this to be my last will and testament.

"SAMUEL HEYWOOD."

The heirs at law mentioned in the will are Mrs. Emma F. Heywood, widow of deceased, and the sons and daughters, who are Frank B. Heywood, 1847 University street, Berkeley; Amy H. Oakley, 1922 Louisa street, Berkeley; Etta M. Heywood, Gertrude B. Heywood and Charles D. Heywood, living at 1923 Grove street, Berkeley. The estate consists of shares in the West Berkeley Lumber Company, valued at \$5000 and real property valued at \$35,000.

This morning the leaders delegated a number of pickets and men to go round and induce their fellow-workmen to keep away from liquor in the present trouble.

Delegates sent there to make reports had not returned at 2 o'clock this afternoon. It was admitted, however, that the company has still seven men in the quarry.

They have been gathered the strikers say, from the country around. The company, the men also admit, have eight teams working but say that they have been secured in the country as some of the city teamsters would do the company's work under present conditions.

All was quiet and orderly among the men today and all are looking forward to tonight's meeting with some anticipations.

UNIFORM PLAN IN WALKS.

SAN LEANDRO REGULATES SIZE OF PROMENADES AND USE OF ITS STREETS.

SAN LEANDRO, May 18.—The Board of Trade held its regular meeting last night. The committee on street lighting was granted two weeks more time in which to make its report.

STREET LIGHTING.
A communication from the Suburban Lighting Company was received, offering to light the city by means of thirty arcs for \$175 per month.

The Gasoline Lighting Company, which is at present furnishing the city with light, also put in a bid for fifty-eight gasoline lamps at \$2 each per month.

No action was taken, both bids being referred to the street lighting committee.

REGULATING SIDEWALKS.
An ordinance was passed regulating the width of sidewalks and specifying the material of which they shall be constructed. It provides that all walks in the business section shall be of concrete or bitumen and shall extend from the store front to the curb. In the adjoining districts, the walks must be of bitumen or concrete and at least five feet in width.

NO PASTURE ON STREETS.
Chairman Eber introduced an ordinance prohibiting the use of the public streets as a pasture for cattle, and to carry out this intent, an ordinance creating the office of poundman was also introduced by the same Trustee.

STREET SPRINKLING.
In the matter of street sprinkling, for which bids were advertised some time ago, no action was taken, although two bids were received. The bid of M. Enos, who offered to do the work for \$2.25 a day and one dollar a night was rejected, because he had registered to sign his name to the contract. N. H. Hansen wanted \$3 a day and 40 cents an hour at night. His bid, which was the only valid one, was not accepted. The Trustees deciding to advertise again for bids, which will be handed in at the next meeting. Adjourned.

UNION PICNIC AT SUNSET PARK.

The committee having in charge the union picnic to Sunset Park next Saturday afternoon that everything is in readiness for a good time.

It has not been stated before that the management at Sunset Park has added many new amusement features to those already on hand.

A committee headed by A. B. Parker will have charge of the amusements. He states that about seventy useful and valuable prizes have been secured. These will be apportioned among twenty-five athletic events as first, second and third prizes.

A musical and literary program is also being prepared under the direction of a committee of which E. A. Webster is the chairman.

A promised feature of the day will be a game of baseball between the old married men vs. the young married men, and if time will permit, there is to be another game between the victors and a team composed of unmarried men.

Attention is again called to the line of travel which will be through San Leandro, Hayward, Niles, Irvington, San Jose and the southern portion of the Santa Clara Valley into the Santa Cruz mountains, all on broad gauge track.

Two trains will leave First and Broadway about 8:15 a. m. in two sections of twelve coaches each.

The first section will be looked after by A. H. Prather and twelve assistants, the second by R. B. Gaylord and his twelve deputies.

Tickets are on sale at Bowman & Co.'s drug store and Smith Bros. the stationers.

BOARD OF TRADE BANQUET.
If the number of acceptances are any criterion to go by, the attendance at the annual banquet of the Oakland Board of Trade this year will eclipse in point of numbers any previous banquet ever held by the board. The annual banquet this year will be held on the evening of May 27th, in Maple Hall, and several prominent personages will make short addresses. Representatives of the commercial bodies of San Francisco will also be in attendance.

ON TWO CHARGES.
George Ormerod was up before Judge Smith in the Police Court this morning on two charges. He was sentenced \$10 or five days on the charge of drunkenness and \$30 or fifteen days on the charge of disturbing the peace.

TOWN TOPICS.
"Town Topics" will be repeated at the Macdonough tonight. There is not much to be said in favor of the play.

FREE HONEY AT TOWN HALL.

ANYBODY WHO CAN CLIMB E-TITLED TO THE HARBOR VEST.

CENTERVILLE, May 19.—Wm. C. Harlin of Niles took nearly one hundred pounds of honey from the garret of the Centerville Town Hall one day last week. It seems that about eight or nine years ago a swarm of bees got into the garret through some holes in the roof and have been making honey there all this time. The honey is of a dark color but quite good.

It was collected several years ago in a small quantity, about 8 or 10 pounds. Anyone who will go and get the honey can have the same for the trouble. It is somewhat of a difficult place to reach.

Swarming of bees is of such frequent occurrence here that almost anyone can have bees who wants to take the trouble to get them.

At present there is a swarm working in the chimney of Sig Salza's house. Another swarm is in the corner of Max and Silva's house and still another swarm in Chase's Lumber Yard. Much attention is given to bees and honey here and several nights are given to outdoor clubs by turning out the best honey.

A. Lorchard has the reputation for having the best honey yet seen in his locality, which is produced in the yard back of Mr. Lorchard's drug store, where he has several large orange trees, the blossoms of which the bees are always collecting honey from.

Rev. John W. Quay of Tempe, Cal., has been the best honey yet seen in his locality, which is produced in the yard back of Mr. Lorchard's drug store, where he has several large orange trees, the blossoms of which the bees are always collecting honey from.

DEWEY IS SOLD.

AL. HAWTHORN, THE POPULAR BARITONE MAKES A HIT AT LOCAL THEATER.

The Pacific Coast Vaudeville Company having bought the entire rights of the popular Dewey, there will be a complete change wherein the Oakland public will receive the benefit. Commencing next Monday evening an entire change of program will be given under the new management. The Pacific Coast Vaudeville Company has control of the Chutes and Grauman's in San Francisco. The Empire Theatre in Portland, Oregon, and Grand Opera House, Seattle, Washington, and new theatres being built in Butte City, Mont. St. Paul and Minneapolis, Minnesota. Booking for the entire circuit will be conducted at Grauman's Theatre, corner of Seventh and Market streets, San Francisco under the direction of Charles H. Brown.

The new bill for the coming week of May 26th will comprise all new artists direct from the East. The names of the artists will be announced later in the columns of this paper.

Mr. James Haswell is retained as resident manager. The program for this week was well received last night and promises to do a big business all this week.

One of the big hits of the evening was made by Al. Hawthorn, the popular baritone. He was in great voice and received an encore. Mr. Hawthorn has many admirers and offers to go on the grand opera stage. He certainly has a magnificent voice and is a great headliner for the Dewey.

RELIEF OF JEWS IN KISHINEF.

A benefit will be given next Monday evening, May 25, at 8 o'clock in Dietz Opera House at Twelfth and Webster streets. An interesting program will be rendered, including a farce, a number of excellent musical selections and recitations. The committee in charge consists of Mrs. Hugo Abrahamson, Mrs. Gus Cohn, Mrs. R. Marks, Mrs. M. H. Hawthorn and Mrs. J. E. Smith. The proceeds will be used for the relief of the Jewish women of Kishinef, who are suffering from the effects of the Russian revolution. The price of admission is 50 cents and tickets can be procured either from the ladies of the committee or at the box office on the night of the performance.

BUST OF WASHINGTON.
NEW YORK, May 19.—Descendants of Washington's French brethren in arms and other Frenchmen allied to the United States by their associations purpose presenting to this country a faithful reproduction of the original bust of Washington by the sculptor, Pierre Jean David of Angers, who executed works for the Pantheon in Paris.

The present proposal is a revival of the idea started by a group of Frenchmen in 1825 to offer to the United States a marble bust of George Washington. David, who was born in Angers in 1789 and died in 1851, was entrusted with the execution of the work, and the result was considered one of his masterpieces. Unfortunately, this bust was completely destroyed by fire in 1851. The original model, however, exists at Angers, and the Comte de Rochambeau, the Marquis de La Fayette, the Marquis de Grasse and other members of the committee concerned have been enabled to obtain a carefully executed mould from this, and a bronze cast will be made. The minister of foreign affairs, war, and navy, have associated themselves with the subscription that is being raised to give the gift a national character.

PATRONS OF HUSBANDRY.
The National Grange, Patrons of Husbandry, will meet in the rooms of the Board of Trade, No. 522 Twelfth street, Oakland, Thursday afternoon, May 21st. National Master, Aaron Jones, of South Bend, Ind., will be present, and would like to meet all runners and parties interested in agriculture and horticulture on this occasion.

NEWS NOTES.
Mr. and Mrs. R. H. Casterson celebrated the birthday of their son, Lewis, Sunday at their beautiful home, the Vine Oaks. About twelve of the young friends of Lewis had been invited and a large dinner was served after which a social time was enjoyed by all. The Casterson home is noted for its hospitality and their "at homes" are always looked forward to with much pleasure.

The Pleasanton Rebekah Lodge will, at their next meeting, Monday evening, May 25, give an interesting entertainment. A number of sisters are expected from the Livermore lodge.

Mrs. E. A. Wood was called to San Jose the last of the week by the illness of her grandfather at that place.

Mr. and Mrs. C. L. Griffith returned from Cleveland, Ohio, Monday. They have been attending the sale of some of their horses.

Joseph Mello went to San Francisco Monday.

Fred Adams was in San Francisco Monday.

Al Arndt of San Francisco spent Sunday with relatives here.

PISTOL DUEL.
DENVER, Colo., May 19.—A Republican special from Durango, Colo., says: David F. Daz, editor of the Democrat, and Frank Hartman, a newspaper writer exchanged 13 shots at each other on the main street of this city, without serious results. Hartman received a slight flesh wound in the leg.

The shooting was the outcome of a fight Daz has been making against union printers. The latter started an opposition paper on which Hartman was the principal writer. The personal references of the editors to each other in their respective papers have been very caustic and when they met shooting was commenced hardly without warning. Each claims the other began the duel. Daz fired two revolvers. No arrows have been made. It was reported that Daz had previously challenged Editor Higgins of the Evening Telegraph to mortal combat and when the shooting began it was thought that these two had met.

Miss Hapgood tells how she was cured of Fallopian and Ovarian Inflammation—and escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes and ovaritis), which is a most distressing and painful ailment, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."—Miss IRENE HAPGOOD, 1022 Sandwich St., Windsor, Ont.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect.

"DEAR MRS. PINKHAM:—I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you telling how I felt, I had doctored for over two years steady and spent lots of money in medicine besides, but it all failed to do me any good. My menses did not appear in that time, and I suffered much pain. I would daily have fainting spells, headache, backache and bearing down pain, and was so weak that it was hard for me to do my work.

"I used your medicine and treatment as directed, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound, menses appeared, my womb troubles left me, and I have been regular ever since. I used fourteen bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier together, and am now restored to perfect health. Had it not been for you, I would have been in my grave.

"I will always recommend your wonderful remedies, and hope that these few lines may lead others who suffer as I did to try your remedies."—Mrs. T. C. WILLIAMS, R. R. No. 1, Manning, Iowa.

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women.

Women should remember that they are privileged to consult Mrs. Pinkham at Lynn, Mass., about their illness, entirely free.

AMUSEMENTS.

Flourence Roberts will appear at the Macdonough Theater next Friday, Saturday and Sunday evenings and Saturday matinee. She has chosen her three strongest plays for presentation here. The famous Dumas drama, "Carrille"

will be the opening play and will also be the mainline bill, to be followed by David F. Daz's dramatic masterpiece, "Zaza," and Daudet's sensational "Sapho." Miss Roberts is surrounded by a capable support, and the productions are said to be elaborate. As usual, her going is said to create as much discussion as the star and her plays.

OAKLANDFor What is Right
in Summer Dress Goods

The best guide we can suggest is a look at our display windows, for what you see there will surely impel you to seek the much greater variety in the store.

Since warm weather announced that it had come to stay the selling in the Washable Dress Fabrics has been very brisk. The selection must be just about right, too, or so many women would not have come back, either to buy more, or to tell us how satisfied they were.

The Display of
Novelty Oxfords

is really marvelous. Some of the finer grades have all the appearance and finish of real silk. The self-striping, the delicate blending of colors in floral effects and fancy stripes are vastly superior to the patterns of last season.

Plain white and figured Oxfords are priced from 16 2-3c to 65c y.l. Black and white check Oxfords from 35c yard.

Mercerized
Ginghams

—one of the most satisfactory of all cotton fabrics; all new ground colors, with novelty figures, dots or stripes; a specially attractive lot, 20c yard.

Dainty Batis e, Dimities and Lawns

"Tis out of the question to go into the details of these beautiful fabrics; there are too many of them. For warm weather wear they are absolutely incomparable. They are here in the very lightest as well as in the heavier weights. In dark or light shades and in unlimited variety of figures, stripes and mixed patterns. What we would improve you is that, quality considered, our prices are the most favorable of all. They range from 10c, 12c to 20c.

Linings often
make the dress

certainly poor linings often mar a garment. The Lining Section is full of just the proper linings for summer dresses. To buy linings here is to insure against disappointment.

Children's Summer
Walking Coats

—a most stylish lot are now on display, prices from \$4.95 to \$12.50.

7-7½ Stylish coat of red, blue or brown chevron; collarless, with shoulder cape and long sleeve, button-trimmed sleeves loosely draped to elbow; fancy cuffs; trimmed all over with Scotch silk plaid piping.

Printed and
Broccaded Foulards

Jumped into favor as soon as summer was heralded and they are holding every inch of their popularity.

Printed foulards, with dots or figures—all colors, 65c, 75c, \$1.15. Rich, broccaded foulards make the most elegant of shirt waist suits. They come in royal, tan or black, with white, \$1.50 yard. Seve all choice suits, of 15 yards \$20.00.

Foulardines

In Nile, pink, cadet, cardinal, gray dark blue and tan, special, 10c yard.

Imported Chambray

—in watermelon, soft gray, green and blue, relieved with embroidered dots; 27 inches wide 65c yard.

McCall Bazar
Dress Patterns

—because of their merits are daily increasing in favor. We are selling twice as many as last year. They make seam allowances, insure a perfect fit and don't waste an inch of material. They are practically perfect. 10c and 15c. None higher.

Drapery Section
Hints

Tapstry couch covers in a multitude of color combinations; 3 yards long, 60 inches wide and finished all round, \$2.50.

Velours

In new colorings, plain or patterned; very appropriate for piano seats, cushion tops and heavy upholstery; 27 inches wide 65c yard.

ACTIVITY IN THE PERSONAL AND
LABOR WORLD. SOCIAL NOTES.SITUATION IN THE STRIKE OF
LABORERS OF OAKLAND
TRANSIT CO.

A secret meeting will be held tonight of those behind the Transit laborers' strike for the men say the present difficulty has already passed the lockout stage and until after the meeting, nothing will be definitely known as to within what bounds the trouble will be ended.

"Yes," said a prominent member of the union to a TRIBUNE reporter today, speaking about the lockout, "manifestly, about 'thinking it over,' the company will have to think it over, which to 'think it over,' before we are done with it. There is a good deal of 'thinking over' to be done on both sides. There is apt to be a sympathetic strike all down the line, of carmen, trolley carmen and men doing construction work for the Oakland Transit Company. Our scale, presented to the company was to go into force June 1. Meantime, 'straw' bosses began adding the men, using vulgar language toward them and trying to create dissension among them. When these acts were brought out at a recent meeting on the 12th and it was concluded to hold another on the 15th, the strike action was taken. The strike of the laborers, called on Mr. Kelly. After a consideration they came to no conclusion in the matter and that evening the notice suspending work and advising the men to think it over was posted."

AT THE QUARRY.
"At the Red Rock Quarry near Leona Heights, Sunday morning the company had thirty-two wagons with teams waiting for new men to go to work but when the latter arrived and learned the situation they quickly laid down their shovels and walked out. Not even the temptation offered them of a cask of beer and plenty of sandwiches would induce them to stay and the bosses had to see to the taking back of the teams to the stables themselves. Another thirty men quit work in what is known as the 'sand pit' near the subway yesterday afternoon."

HASTE.
Other leaders talked to, however, expressed the fear that the action of the laborers in "pushing" the date of the strike was ill-advised and that popular sympathy would not follow a sympathetic strike, particularly when directed against the Realty Syndicate in which many small investors were getting good interest on their money.

FEDERATED TRADES.

Following is extracted from the official report of the last meeting of the Federated Trades Council:

"A communication from the San Francisco Labor Council, requesting that the Federated Trades Council, using working gloves call for gloves bearing the Glove Makers' Union label, was received and placed on file. Also a circular calling attention to the boycott on the Old Drug Company."

"A request for financial aid was received from the Slasher Women's Union of Columbus, Georgia, whose members have been picked out since January 5th. Referred to affiliated unions."

"A communication was received from the managers of the Oakland Cotton Mills and other industrial institutions, proposing a plan of charity, consisting of the granting of a license for another saloon in close proximity to the cotton mills by the old city council, and requesting that the Federated Trades Council, in their capacity as a committee, be appointed to address the City Council on the matter. An amendment to the motion was made that a committee be appointed to address the City Council on the matter. An amendment to the motion was made and carried that the matter be referred to the Executive Committee for investigation."

BUTCHERS.
The butchers reported that preparations were being made to utilize the men working in the slaughter houses."

The report of the Executive Committee embodied the recommendation that the schedule presented by the Gas Workers be endorsed, excepting that portion referring to engineers and firemen, as those men are under the jurisdiction of their respective unions. Also that the request of Madame Cohn's laundry and the University French laundry be continued. The report was concurred in with the exception of the portion referring to the University French laundry, which was referred to the business agent for further negotiations.

"The business agent reported having attended to many matters referred to him. The report was received and placed on file."

"A report was made by the committee on education, showing progress in the matter of organizing a campaign for the agitation of a reduction of car fare, etc., for school children, and the Council was asked to endorse a form of letter to be issued to various organizations inviting them to co-operate in the work. The report was received and the request granted."

In the matter of the application of the local lodge of the United Brotherhood of Railway Employees for affiliation with the Council, there being some doubt of the eligibility of locals of this order to affiliate with central bodies chartered by the American Federation of Labor, the secretary was instructed to correspond with the officers of the latter organization for further information."

PAINTERS AND DECORATORS.

The Brotherhood of Painters, Decorators and Paperhangers, have introduced an innovation in the shape of an honorable discharge certificate, which each member who desires to withdraw in order to pursue any other calling, or with any honorable intention, can secure on payment of \$5. Its possession entitles the holder on payment of an additional \$5 to reinstatement in any local union in any part of the country. The card, which is about 6x4 inches, has a handsome border, is printed in two colors and bears the signature of A. H. Heston, president of the Brotherhood.

PRESIDENT BAHNHORN.
J. C. Bahnhorn, president of the Brotherhood of Painters and Decorators of America, whose home is at Lafayette, Ind., is at present on this coast on a six weeks' visit. He will address Local Union No. 137, Painters and Decorators in Kohler and Chase Hall, Thursday evening.

MISS OLIVE GAUNCE GIVES
FAREWELL DINNER TO A
FRIEND.

Sunday, May 17, Miss Olive Gaunce gave a farewell dinner in honor of Miss Marie Wolf, who is to leave soon for her home in Victoria, B. C. Miss Wolf has been visiting her sister, Mrs. Clement Rowlands, for the past year and in that time has gained many friends, both in Oakland and San Francisco.

The home of Miss Gaunce was artistically decorated in blue and white and the place cards were beautifully designed and drawn by Miss Baker, a talented young artist of Oakland. After dinner the guests adjourned to the garden, where ice cream was daintily served. Miss Wolf, Miss Berquest and Miss Rosling, who are well educated in music, sang several songs and duets.

The guests were the Misses Marie Wolf, Nathalia Berquest, Lillian and Annie Pridoux, Isabella Byrne and Raymond Rosling.

INFORMAL AT HOME.
On Monday evening, Mr. and Mrs. Reginald D. Holmes gave an informal at home to some of their artist friends. The time was pleasantly passed in listening to choice vocal and instrumental selections. Thomas P. McElhann of San Francisco gave some clever musical recitations of his own composing. Mr. Giffin of the "Sunset" Magazine contributed bass solos and Miss Ramona Rollins rendered several classic piano solos in a finished style.

Later in the evening a delightful supper was served. The decorations consisted of roses. Among those present were: Mr. and Mrs. W. E. Rollins, Miss Elsie Grenke, Miss Ramona Rollins, Messrs. Grenke, Griffin, McElhann and Spring and the host and hostess.

WILL RECEIVE FRIENDS.

C. Charles is to give a reception to his Oakland friends on Saturday evening, May 23, at his bachelor quarters, 1350 Eighteenth street, as he is to make his permanent home.

SECRETLY MARRIED.

The secret marriage of William McEhann Jr. to Miss Bertha Agnes Donaldson of Vacaville, which took place Sunday, April 12, at San Rafael, has just been made public. Mr. McEhann is secretary of the California Yacht Club and a member of the Reliance Club, and is receiving teller of the First National Bank. On going away for his vacation today he made known the secret of his marriage.

SHERMAN-CHICKERING.

This evening at 8:30 o'clock in the First Congregational Church of his city, Miss Alma Sherman, daughter of Dr. and Mrs. Walter Sherman of Fresno will become the bride of Alvin Chickering, son of Charles and Mrs. William H. Chickering of Oakland. Rev. Dr. Sherman of Sacramento, an uncle of the bride, and Rev. Charles R. Brown of this city, will be the officiating clergymen.

The decorations will be carried out in pink and white, and snow-balls of heart-thorn will adorn the church. The bride will be gown in a magnificent white tulle gown over silk, trimmed in exquisite taste, and she will carry white lilies and lilies of the valley.

Miss Emily Chickering, the maid of honor, will be gown in pink and carry a large bunch of snow balls. There will be six bridesmaids, all of whom will carry shower bouquets of Cecil Buer roses. Four of the maids, the Misses Mabel Donaldson, Emma Moffatt, Edna Wemple and Myrtle Sims, will be gown in white and pink crepe de chine, and the remaining two attendants, the Misses Martha Chickering and Lillie Sherman, will wear white over pale pink.

Harry Chickering, brother of the groom, will be best man and the six ushers will be Frank Ballard, Eugene Hawlett, Walter Sherman, Roger Chickering, Sterling Carr and George Whipple. Several hundred guests, mostly young people, will witness the wedding ceremony, which will be followed by a wedding supper at the Chickering home on Sixteenth street, to which only the bride party and a few immediate relatives and friends have been invited.

WEDDING OF MABEL GAGE.

Invitations have been issued for the wedding of Miss Mabel Gage, daughter of Stephen T. Gage of Harris street, and Dr. Joseph Oran Pease, which will take place early in June at the home of the bride, and will be witnessed by about 100 guests.

The maid of honor will be Miss Alma

FRATS AND NON-
FRATS.STUDENTS OF BERKELEY HIGH
DIVIDED IN FAC-
TIONS.

BERKELEY, May 19.—Fraternity against non-fraternity—the same old story is making the rounds among the students of the Berkeley High School and particularly in the middle class. The trouble began with the campaign of Burlington Carlisle for president of the middle class, which there was a clash of the two factions. Carlisle, promised places on committees to several non-frat men who supported him in this fight which resulted in his election. When the time came for naming the committees several men who had worked for Carlisle found themselves ignored. Carlisle selected more non-frat than he did frat men, the offended men claim that he appointed only men of the fraternity sympathy.

To relieve themselves of their fra the men circulated an anonymous letter setting forth their grievances. This letter President Carlisle has answered, setting forth his side of the story. Carlisle has also made a concession to the non-frat men by appointing four of their number on the decoration committee. These four are Robert Shuey, Homer Beidle, Hugh Dyles and Edna Perkins.

The committee over which the dispute has arisen are those in connection with the dance to be given by the middles and junior to the members of the graduating class.

Town Board Discusses Matter of Taxation and Adopts General Plan of Action.

BERKELEY, May 19.—At an adjourned meeting for that particular purpose, the Board of Trustees, sitting as a committee of the whole, discussed thoroughly the matter of revising the license ordinance, so as to equitably tax the town merchants and to make outside tradesmen pay their share for the business they do in Berkeley. For some time there has been considerable dissatisfaction among the local dealers on the present system of specific taxation of the underlying principles, the University of California will offer a special course of lectures on the subject. These lectures will be given at Idyllwild, in the main pine belt on San Jacinto Mountain, in Riverside County, as above announced. This resort is situated in the midst of a country rich in forest flora, which is thus immediately available for illustrations.

and bill posters, dogs and slot machines. But little other business was transacted at the meeting. Trustee Hoff reported that the Virginia-street sewer was in a bad condition near the water front and a menace to the health of the people of that vicinity. Superintendent of Streets was instructed to make necessary repairs. The matter of a defective sewer on Milvia and Cedar streets was also referred to the Street Superintendent. A petition was received from the people on Haste street, between Milvia and Grove streets, to have the sidewalks narrowed from 14 feet to 12 feet. The street is being macadamized at present. The Oakland Ferrying Company has the contract to macadamize the street with a 14-foot sidewalk. A 12-foot sidewalk would make the walk the regulation one-fifth of the street. The matter was referred to the Street Committee. Permission was granted to improve King street from Alcatraz avenue to Felton street by private contract. The special policeman employed during the President's visit asked that they be paid for their services last night, as some of them wished to leave town, but the board held the matter over until the next regular meeting, Monday night. Another complaint was registered against the street car service furnished by the Oakland Transit Company along University avenue. At first the company had a through system to Oakland by way of University and San Pablo avenues, but complaint was made that the cars were run too fast along the former street and the regular cars were taken off and others put on that transferred with the main line at the corner of San Pablo and University avenues. It is now claimed that the cars do not meet at the transfer point, making people wait in front of a station for an unnecessarily long time. It is also claimed that the cars still run too fast. The matter was referred to Trustee Ferrier, who will consult with the officers of the company. Trustee Staats brought up the matter of having street work done by private contract, claiming that solicitors got people to sign up for the work and then sell their lists at a commission to the paying companies. He urged that something be done to put a stop to the practice. No action was taken in the matter.

REV. CHAS. M. SHELDON WILL READ UNPUBLISHED BOOK.

BERKELEY, May 19.—Rev. Chas. M. Sheldon, author of "In His Steps," who has been making a lecture tour of the West, will speak tomorrow night at the First Presbyterian Church, Ellsworth street and Allston way, under the auspices of the Christian Endeavor Union. His address will be based upon one of his unpublished books, portions of which he will read.

Miss Bertha Ross of 2635 Hillside avenue has returned to her home in Los Angeles. Rev. and Mrs. C. H. Bandy of 2213 Bancroft way have left for Los Angeles.

HE WANTS TO HAVE FRUITVALE FORESTRY SUMMER SCHOOL AT IDYLLWILD.

W. E. RUDELL

FRUITVALE, May 19.—W. E. Rudell is a prominent Fruitvale avenue real estate dealer. He is secretary of the incorporation committee, a body of representative business men and property owners, who are endeavoring to have Fruitvale incorporated into a town of the sixth class. The gentlemen are working hard for the cause and have recently issued a leaflet with figures, showing the benefits the tax-payers would derive if the place were incorporated. The Board of Supervisors will be petitioned to have the town incorporated at their meeting on May 26.

University Would Promote Interest in Conservation of State Timber Reserves.

BERKELEY, May 19.—With a view of preserving the forests of the coast by exciting an interest in the subject and by bringing the people of the State to a realizing sense of the importance of the conservation of the trees of the West, the Agricultural Department of the University of California has arranged to give a course of lectures this summer at Idyllwild, San Jacinto Mountain, Riverside County. The course will consist of 12 lectures each by Dr. Willis L. Jepson, of the Department of Botany, and Arnold V. Stubenrauch, professor in the Department of Agriculture. It is also possible that General Hatcher of the United States Bureau of Forestry, who is in charge of the entire government work in forestry, may give some additional lectures. Dr. Jepson will treat the subject from the botanical standpoint, explaining and illustrating the biology of trees with especial reference to the life history and botanical characters; he will also describe the trees and forests of California. Professor Stubenrauch will deal with the economy of forests, their uses and abuses, silvicultural methods and problems of afforestation and reforestation. The lectures will all be of a popular nature and will be fully illustrated by maps and charts as well as by materials at hand and found in the surrounding forests. Frequent excursions will be made into the forests. In announcing the course the department has issued the following: "There are few subjects of more vital importance to the people of California than a full understanding and appreciation of the principles underlying rational and systematic forestry. The beneficial influences of forests in conserving the seasonal rainfall, and hence the importance of maintaining forest covers upon mountain slopes, are now fully recognized. The work over in California, where a uniform supply of water for irrigation is so necessary, the preservation of the present mountain forests is all-important and the forestry or reforestation of slopes and disintegrating the popular mind is apt to take a sentimental view of forestry rather than an economic one. In order to correct some of the misconceptions, as well as to bring about a better understanding of the underlying principles, the University of California will offer a special course of lectures on the subject. These lectures will be given at Idyllwild, in the main pine belt on San Jacinto Mountain, in Riverside County, as above announced. This resort is situated in the midst of a country rich in forest flora, which is thus immediately available for illustrations." Following are the proposed lecture topics: "Life-history of a Tree," Dr. Jepson. Four lectures on the activities, structure, and methods of reproduction of a typical forest tree. "Classification of Forest Trees," Dr. Jepson. Three lectures on the classes of forest trees and their salient peculiarities. "Forests of California," Dr. Jepson. Three lectures on the forest regions of California, their composition and relation to altitude, rainfall and temperature. "The Practice of Forestry," Professor Stubenrauch. Four lectures on the general principles and fundamentals of forestry. "Silviculture," Professor Stubenrauch. Four lectures on silvicultural methods, natural and artificial regeneration of forests, propagation, planting and thinning. "Afforestation and Reforestation," Professor Stubenrauch. Two lectures on the treatment of barren or cut over areas, with special reference to conditions in California. The tuition fee will be six dollars. The payment of this entitles the student to admission to all of the lectures and to join in all field work of the class.

RECKLESSNESS OF FRUITVALE BOYS JUMPING FREIGHT TRAINS.

FRUITVALE, May 19.—The brakemen and conductors on the freight trains running through here, are greatly annoyed by boys stealing rides on the trains. The long freights going into Oakland slack up just west of the Fruitvale avenue station, and this is probably where the lads get on, because the trains attain too high a rate of speed afterwards. The other day, there were on one train as many as twenty-five boys, whose ages ranged from 12 to 16 years, riding the brake beams, and waving their hands at passersby with the greatest recklessness. The train crew has no way of putting off the young lads without stopping the train. They would be practically useless, as the boys would get aboard again as soon as the train was in motion, and be secure under the cars, where the men could not reach them. The boys also catch on the local trains, but not to such an extent as on the freights. They are in constant danger of losing their lives, for they are very careless about hanging on securely. If one fellow makes a train and his companion is unable to pull the other off in a dog-in-the-manger spirit.

GRADING SATHIER TRACT.

For the past few days a force of men has been at work on Lincoln, Lloyd, Pomona and other avenues in the Sathier tract, at the corner of High and Fourteenth streets. The roadways were graded when the tract was platted three years ago, but have since become weedgrown and uneven through disuse.

The couple are now living at the Tunaline Hotel, Oakland, but expect to go to Golden Gate soon to reside.

MODERN WOODMEN ENJOY FINE BANQUET IN LODGE AT ELMHURST.

ELMHURST, May 19.—Cherries from the Batchelder ranch have been on sale in the local grocery stores for nearly two weeks. This is the earliest they have been seen for some time. The fruit is of the General Wood variety, and of a very fair grade. The fact that the fruit is so early is a practical failure throughout the valley this season.

WOODMEN BANQUET.

The members of Elmhurst lodge, Modern Woodmen of America, enjoyed a banquet at Red Men's Hall last evening after the regular weekly business session.

ELMHURST WON.

The locals won from San Leandro Sunday on the Jones avenue diamond by an overwhelming score of 43 to 9. The Elmhurst battery was the Thomas and Klempfer families.

RETURNED TO DUTY.

Captain E. S. Croft, Lieutenant J. V. Lusk and Sergeant A. E. Trench, the famous cricketers of the Hospital Corps at Fort McDowell, have returned to Alcatraz Island, after spending their vacation as guests of the Parks and Klempfer families.

REV. AVERY PREACHED.

Rev. E. H. Avery, of East Oakland, preached at the Presbyterian church Sunday. The recently reorganized choir sang a number of pleasing selections.

PERSONAL.

Dr. and Mrs. Sanford, of San Francisco, visited at the Jewel residence last week.

Mrs. Nona Ballard of East Oakland was the guest of Elmhurst friends recently.

Mrs. A. Hill and son of San Francisco, who have been the guests of Mr. and Mrs. J. Lowry, have returned home.

Mrs. Andrew Jones has returned from a vacation trip to Sonoma county.

Miss Hattie Morrison, of Jones avenue, has returned from Watsonville to spend a few weeks.

Mr. and Mrs. Frank Orra and grandson, C. P. Orra Jr., are spending a few weeks at Highland Springs.

Edward Alfred of San Francisco, was the guest of the Geass family Sunday.

Mr. and Mrs. J. Robie of San Francisco, visited Captain George Dower, of Water avenue, last week.

William Haustler, of Boonville, Missouri, who has been the guest of John Hamilton, of Mountain View avenue, has gone to Oakland to engage in the carpenter business.

ENGINE REPAIRED AND NEARLY ALL WORKMEN ARE NOW EMPLOYED.

EMERYVILLE, May 19.—The break in the engine at the Hudson Manufacturing Works has been repaired and work with the rolling-mill was resumed yesterday morning. Nearly all the workmen returned to their posts. Simultaneously with the resumption of operations on the rolling mill, a carload of scrap iron arrived. The supply of scrap had been reduced to a low mark last week.

SMALL BLAZE.

Saturday evening a small blaze was discovered in the rear room of the saloon on the corner of Forty-first street and San Pablo avenue. It was extinguished before any damage was done.

BOOKS OF FRENCH HISTORY RECEIVED.

BERKELEY, May 19.—It is proposed by the University of California to place upon the shelves of the library some volumes on French literature and history.

Carnot debaters were preparing for their recent contest with Stanford, the lack of books on French topics was keenly felt, the debaters having to go to Stanford for some of their desired references. To large boxes of books were received at the library yesterday, and further consignments are expected soon.

VISITING MOTHER.

Eugene Grant of 5750 Marshall street, went to Napa yesterday to visit his mother. He will return in a few days.

VISITING HERE.

Fred Baker of San Francisco is spending a few days here visiting Mr. and Mrs. George W. Hunt of Fifty-ninth street.

AMBULANCE FUND RECEIVES SUPPORT FROM BERKELEYANS.

BERKELEY, May 19.—The people of Berkeley are taking a substantial interest in the project of the Society for the Prevention of Cruelty to Animals, to purchase an ambulance to carry off injured animals. As it is at present a horse may fall on the street and dragged over to some vacant lot, an operation that causes him more pain than people realize. In such cases he ambulance is to be used. It is or the entire county, though it will be kept in Oakland.

Mrs. William Keith has been asked to take charge of collecting subscriptions for the fund in Berkeley. So far she and Mrs. Holland have received contributions in this city as follows: Mrs. Hearst, \$100; Mr. and Mrs. William Keith, \$25; Mr. and Mrs. Frank Soule, \$5; Mrs. Witter, \$5; Mrs. E. B. Lamare, \$5; Mrs. E. J. A. Henry, \$5; Miss Edna Orr, \$10; University Savings Bank, \$15; a friend, \$5.

Those who wish to contribute may address Mrs. Keith at 2207 Altherton street.

LADIES' AID OF GOLDEN GATE HOLDS ITS TEA THIS AFTERNOON

GOLDEN GATE, May 19.—The local lodge of Woodmen will hold its regular weekly meeting tonight in Klinkner's Hall. At this meeting the committee which has the benefit entertainment in charge will make a report of its progress. Several well-known entertainers from San Francisco have been secured for the occasion and will assist materially in the program.

TO DRINK TEA.

The Ladies' Aid Society of the Golden Gate Presbyterian church will give a tea this afternoon in the Presbyterian church annex. A cordial invitation is extended to all to attend. The affair will be for the benefit of the church.

CHILD DEAD.

Young Paul Gerson, aged nine months, died here yesterday. The child was ill but a short time with pneumonia.

FUNERAL YESTERDAY.

The funeral of the three-year old child of Mr. and Mrs. Charles Lieberman of University avenue occurred yesterday. The child died Friday of diphtheria.

ATTENDING CONVENTION.

Miss Ruth Peterson is in Capitola where she is attending the State Convention of the Young Women's Christian Association which is in session there.

LARGELY ATTENDED.

The funeral of Miss Ruth Warren occurred in Oakland Sunday afternoon and was largely attended by friends and relatives.

HAVE RETURNED.

Mrs. Harry S. Thompson and children of Hopkins street have returned from a week's visit in Sacramento.

EXPECTED HOME.

Henry W. Taylor is expected to return Wednesday from a short business trip to Chicago.

YOUNG AMERICA.

Freddie's older brother had been ill, and was now taking daily gymnastics to regain the strength which he had lost during his sickness. One day papa found the little 3-year-old shut up in his room, and standing in the middle of the floor vigorously brandishing his arms.

"What are you trying to do, Freddie?" he asked. "You are well enough! You don't need gymnastics."

"I'm! Cousin Harry's coming to see us next month, and I want to get strong enough to 'kick' him!" said Young America.—Woman's Home Companion.

WEST BERKELEY MAN IS BADLY BURNED BY IGNITED PETROLEUM.

WEST BERKELEY, May 19.—James McCoy, the ten-year-old son of Oscar Hotell of 2023 Bonar street, was badly bitten yesterday morning by a large hunting dog. The lad, in company with several companions, was playing with the dog when the latter suddenly attacked young Hotell without any provocation. The animal first embedded his teeth in the lad's leg and, when beaten off, bit the boy on the arm and hand, tearing the flesh painfully. A physician was summoned who dressed the wounds. The injured lad is doing nicely.

MAY INJURE EYESIGHT.

E. S. Springer of the Alameda Oil Works which is situated in West Berkeley, was badly burned yesterday morning. The accident was caused by Springer holding some petroleum too close to a furnace which resulted in its becoming ignited. Springer's clothes were badly burned and his face and hands were scorched. There is some fear expressed that his eyesight may be permanently injured.

STATE HEADQUARTERS I. D. E. S. NOW LOCATED IN TOWN OF HAYWARDS.

HAYWARDS, May 19.—James McCoy, who was arrested recently on the complaint of D. Pesdorf for having destroyed the latter's embankment at the Mt. Eden salt marsh, was tried before Justice Prowse yesterday morning. After listening to the witnesses, the court discharged the defendant on the grounds that the evidence was not sufficient to convict. This, however, will not be the end of the difficulty. A. S. Jones, who is McCoy's employer, ordered him to put the water gate in Pesdorf's dam, which the latter claims injured the dam. A civil suit will now be brought to settle the trouble. Jones lives on the land where the dam is, and Pesdorf wishes to get the property back again. Jones has an option of an other five years on the property and wishes to retain possession, as the place has valuable salt supply.

I. D. E. S. HEADQUARTERS.

Through the efforts of Joseph Bernardo, the headquarters of the Grand Directors of the I. D. E. S. have been moved to Haywards from Centerville. A number of the members of the San Jose lodge endeavored to have the directors locate in that city, but did not work hard for the town as did Bernardo, and so lost the coveted prize.

The board meets once a month to transact business of the order. A suite of rooms has been fitted up in the Luce block to be used as the directors' headquarters.

INSTALLED OFFICERS.

Yesterday, the officers of the newly organized I. D. E. S. of Haywards were installed. The exercises were conducted by Mrs. Nellie Smith, the Oakland deputy, Mrs. Minnie Aydelotte, the State commander, Mrs. Isabel Cammen, the State deputy, assisted by the officers of the new society are: Past commander, Mrs. J. Gendell; commander, Mrs. C. M. Buck; lieutenant commander, Mrs. Thomas Gibbons; record keeper, Mrs. William Gibbons; chaplain, Mrs. Crosey; sergeant, Mrs. McIntosh; mistress-at-arms, Miss Ann Bellow; Sentinel, Mrs. A. Cornell; picket, Mrs. Bertha McCassey.

UNIQUE WINDOW DISPLAY.

R. Reid has just put an old advertisement in his north display window. It is a dumpy figure of a tramp. Over him is this sign: "We Work While He Sleeps." It is an advertisement of Cassarets, the company having offered a prize of \$200 for the best window display shown during the month. The window was photographed yesterday and the picture will be sent to the "C. C. C. office" to compete in the prize contest.

BIRTHDAY PARTY.

Miss Bernice Manning celebrated her seventh birthday Friday, by giving a birthday party at her home. Those present were: Anna Correla, Helen Oakes, Emma and Clara Aisling, Nora and Ruby Seales, Bernice, Myrtle and Ruby Manning, Mrs. Johnson, Esther Hansen, San Francisco, George and Walter Aisling, Alexander and Charles Johnson.

PROHIBITION MEETING.

George C. Pendell of New York will deliver a lecture this evening before the Alameda Prohibition Alliance, which will hold a public meeting in the First Methodist church on Park avenue. A delegation of Oakland Prohibitionists will attend the gathering.

RAIN NEEDED TO ENABLE SOME CEREALS TO COME UP TO AVERAGE CROP.

SAN LEANDRO, May 19.—Many representatives of big fruit and transportation companies are in the valley at present, looking up contracts and crop conditions. All fruits this year seem to promise a very light crop except apricots and almonds which are doing very nicely. The price of these will undoubtedly be good. Bartlett pears are very poor. There will be scarcely any of the fruit on the market. The contractors have been making no offers, but one or two growers claim to have received \$20 a ton.

Unless it rains very soon, potatoes will be very scarce this year. Prices at present are very low.

Cucumbers have been put in extensively during the past week and contracts are being made with 25 per cent better prices than those of last year. Turnips appear to be doing well, and the chances are favorable for a good crop and fair prices.

PORTUGUESE PICNIC.

The Portuguese society, S. P. R. S. I. held a well-attended picnic at San Lorenzo Grove Sunday.

Many useful and valuable gate prizes were distributed.

NOTES.

John Vogt has been appointed District Deputy for this vicinity by the Grand Lodge, A. O. U. W.

Charles Hale has rented the Coleman place on San Lorenzo avenue.

Mrs. William Silva has returned from a visit with relatives in Centerville.

Fred Schmidt has rented the Gillespie cottage on Joaquin avenue.

Chester Burnett has resigned his position with W. C. Rose and entered the employ of Frank Rogers.

Grand Master Workman Dr. F. W. Browning, of Haywards, recently initiated two members into San Leandro lodge, A. O. U. W., of Davis street, has returned from a week's outing at Byron Hot Springs.

PERSONAL.

J. S. Sampson is suffering from an attack of tonsillitis.

SAD ACCIDENT TO YOUNG LADIES.

GRAND OFFICERS OF Y. L. I. IN-
JURED ON EVE OF BIG
REUNION.

LIVERMORE, May 19.—What came near being a very serious accident and costing the life of two popular young ladies occurred last Saturday evening at 5:30 o'clock.

The grand officers of the Young Ladies Institute had arranged for an official visit to the local institute in this city and the local organization had made arrangements for a reception to be tendered them. Miss Josephine T. Molloy of San Francisco, the grand secretary of the order arrived in Livermore last Friday and was stopping at the home of Miss May Concanon. The other grand officers were scheduled to arrive on the 6 p. m. train Saturday evening and Miss Molloy and Miss Concanon were on their way to the depot to welcome the visitors when the accident occurred.

They hired a rig at a livery stable, but as soon as they drove out of the door of the stable they discovered that the reins on the horse were not fixed right. Calling the stableman's attention to the matter the man proceeded to adjust the reins and, in doing so, removed them from the animal, with the result that the animal bolted and ran away.

In their perilous position, without means of either steering or checking the frightened animal the ladies were completely helpless.

The horse ran up L street and turned into Second street. In doing so it upset the buggy, throwing the occupants out on their heads.

Assistance was at hand almost immediately and the young women removed to the residence of Mrs. Catherine Taylor in the vicinity of the accident.

Dr. Taylor was summoned and found that both young ladies had sustained a severe laceration of the scalp which in the case of Miss Concanon required several stitches to close. Miss Concanon was also rendered unconscious.

Miss Molloy was not so severely injured, but had quite a bad scalp wound. In about an hour Miss Concanon regained consciousness after which both young women were removed to the home of Miss Concanon. Besides the injury sustained on the heads, the young ladies were also considerably bruised. Their next a good recovery to the grand officers and caused the abandonment of a pleasant outing which had been outlined.

Miss Concanon is a grand trustee of the order, having been elected to that office at Sacramento last year. The visiting grand officers other than those mentioned were Mrs. Garvin of Stockton, grand trustee and Miss Mary Sullivan, past grand director of San Jose.

STOLE HORSE AND CART.

A man giving the name of W. G. Miller who was employed by headmaster Jesse Young at Alhambra for a few days last week, was arrested last Saturday morning with a horse and cart belonging to Mr. Young. It is not known in which direction he headed but Constable Fitzgerald has a warrant for his arrest and has used the telephone in all directions. It is believed that he will be picked up before many days will have passed. Mr. Young offers a reward of \$15 for the fellow's arrest.

DRUID DELEGATES.

Following is a list of delegates elected by Livermore Grove No. 33, U. O. O. to the Grand Grove, which meets in Sacramento on June 18th. They are: J. A. Fitzgerald, Fred Mally, J. P. Olson, Jas. Olson, M. G. Mohr, Thos. Scott and B. V. Zaballa. Deputy Grand Arch Geo. Beck will also be in attendance. Mr. Beck is a candidate for noble grand arch and his election is practically conceded.

MEMORIAL DAY.

The following is the program for Memorial Day:

A CASE OF IT. PACIFIC COAST CLUB.

RAILWAY MEN HOLD FIRST ANNUAL MEETING IN PALACE HOTEL.

The following case is but one of many similarly occurring daily in Oakland. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

Mrs. Peter Holme (Peter Holme, Oakland, Cal.), 618 Sixth street, says: "Mr. Holme has gone to Alaska on a salmon fishing boat and will not return for some months. Shortly before he went away his back ached so he could not work, and I honestly believe it had not been for the use of Doan's Kidney Pills, obtained at a drug store, he would have been unable to make the journey. Mr. Holme had attacks of back-ache for many years. At first they were mild, but with the passing of time they came more frequently and were much more acute. The last one was very severe, and when Mr. Holme's Kidney Pills stopped it and enabled him to return to work, to say we entertain a very high opinion of the preparation mildly expresses the fact."

PACIFIC COAST CLUB.

RAILWAY MEN HOLD FIRST ANNUAL MEETING IN PALACE HOTEL.

The Pacific Coast Railway Club held its first annual meeting last Saturday evening at the Palace Hotel in San Francisco and, among other business, elected officers for the ensuing year. Several subjects of moment were discussed and papers read bearing on the same.

At the conclusion of the question box, a paper was read that was prepared by W. N. Pest, superintendent of the California Industrial Company of Los Angeles. His subject was "Modern Equipments of Locomotives for the Prevention of Smoke, Using Coal or Oil as Fuel."

The following officers were elected for the ensuing year: President, B. A. Worthington, superintendent S. P. Co., Coast Division; first vice president, H. Englebright, master car repairer, West Oakland; second vice president, E. A. Gilbert, master car builder, San Francisco; third vice president, W. E. Amann, resident manager, Galena, Signal Co.; fourth vice president, T. W. Heintz, master, superintendent of motive power, Sacramento; secretary-treasurer, C. C. Burton, general foreman car department, West Oakland; executive committee, J. Shedd, superintendent of motive power, Los Angeles; J. K. Brassill, master-mechanic, California Northwestern, Tiburon; D. P. Kelloff, general foreman machine shop, West Oakland; N. H. Foster, manager's assistant, Southern Pacific Company, San Francisco and E. M. Cutting, Division foreman of signals at West Oakland.

At the conclusion of the meeting, refreshments were served and the club members indulged in a social hour before departing for their respective homes.

MANY IMPROVEMENTS TO SEVENTH STREET ENGINE.

The Seventh street local engine No. 1900 has been turned out of the machine shop after a thorough overhauling and many improvements have been made. The tank has been raised four inches which gives the engineer ample room in which to oil the inside machinery and to replace a broken spring without trouble. Another improvement is a new set of the most solid and heavy crank pins and a set of side-rods that will require repairing for two years. This is an improvement of some importance as the old rods were a source of continual expense to the company.

NOTES AND PERSONALS GATHERED ABOUT THE YARDS.

Harry W. Connors, a former draughtsman at West Oakland, visited the shops on Sunday and renewed old acquaintances.

Mrs. F. B. Shattuck, wife of Engineer Shattuck and her mother have gone to Reno, Nevada.

Engine No. 1020 is in the machine shops for general repairs and an overhauling.

W. H. Bryant, one of the oldest engineers on the division has been assigned to the fruit run out of Elmhurst. Every summer an extra, which is known as the fruit train, is put on by the company to handle the shipments of fruit and it is to this train that Engineer Bryant has been assigned.

Superintendent McClemonds explained that the money needed for the establishment of such a school, in case the three cities or even two, for that matter, joined together for such a purpose would be raised by a special tax levied by the Board of Supervisors. In case one city failed to raise the money would have to be raised by a direct tax in the city itself. The salaries of the teachers however were paid in the same manner as those of the regular public school teachers.

The Board received and accepted the resignation of Miss Clark, a teacher in the Lafayette primary school.

A resolution was passed by the Board authorizing the payment of the May salaries of the teachers.

The committee on rules and regulations recommended the following amendment to the rules and regulations of the Board of Education.

"That Commencement Day at the University of California each year shall be a holiday for all teachers and pupils of the Oakland public schools. Respectfully submitted, D. Robertson, John D. Isaacs and Mrs. Knox, committee on rules and regulations."

Director Knox addressed the Board on the need of sitting up a lunch room for the girls at the High School. The matter was discussed briefly and then was referred to the committee on buildings, the sense of the Board being that action looking to the carrying out of this recommendation be taken before another school term opened.

On the recommendation of Director Knox the Board passed a resolution instructing the secretary to ask the City Attorney for a detailed statement of the steps necessary to be taken by the city for the purpose of leasing a building for a lunch room for the girls at the High School. It was necessary before going further in the matter to have a clear idea of just what was necessary in order to legally lease the insurance of such bonds.

The meeting then adjourned until next Monday evening.

CHAMPION AND EX-CHAMPION SOON COME TO TERMS. NOTES ABOUT THE MEN WHO PLAY ON THE DIAMONDS. LOCAL PLAYERS APPEAR TO BE TAKING INTEREST IN THE GAME.

Jeffries and Corbett have concluded that they will fight for 70 per cent of the gate receipts and on that basis they think they will clean up more coin than if they accepted the \$20,000 guaranteed purse proposition.

NEW YORK, May 19.—Prince Well, a two-year-old trotter belonging to De la Lee, while being led to the Empire City track last night broke loose and had a stirring race for life in front of two trains, one of them, the Buffalo Express.

Terrible by the glare of the headlights and the whistles, the blooded trotter tore along between the rails, straining every muscle to outrun the express, until he fell exhausted at a siding after a six-mile dash.

Frank Ferris, a hostler employed by Mr. Lee, started from the stable leading Prince Well, which had as yet made no record. Prince Well had recently however, and was to be taken to the track, where he was entered in several races.

NEW YORK, May 19.—Clashes between police and Italian strikers took place at several points along the line of the subway today. The blue coats on duty along the trench and the red ones free they moved back by order and snapping back they can protect themselves.

San Francisco, May 19.—The twenty-first annual meeting of the National Association of Master Plumbers was called to order this morning by President F. D. Hornbrook of Kansas City. Nearly 500 delegates were present.
